

ABOUT

# MARY BETH WALSH

Hi everyone! My name is Mary Beth Walsh and I am a senior computer science major with a mathematics minor from Dallas, TX. Outside of class, I am involved in Greek Life, TCU Catholic, the Computer Science Society and the Women in Computer Science club. I also recently helped start the TCU chapter of the Association of Computing Machinery where I serve as the president of the organization. I am passionate about student organizations on our campus, and would love to meet you if you're looking to get more involved or need support for your organization! I have loved being a peer mentor and meeting other students in CSE this past year and I am so excited for the upcoming semester!
